If you plan to prepare for yourself and your family members a healthy whole food diet simply and quickly at home, we strongly recommend to you **Vita-Mix Total Nutrition Center 2-horse power** blender.

**- Creating Healthy LifeStyles for Over 80 Years!!**

## [Vita-Mix Total Nutrition Center \(TNC\) Heavy Duty 2-Horse Power Blender](#)

- A **powerful, heavy-duty (2 horse power)** and durable **2 speed** blender helps to **release more nutrients** from fresh vegetables, fruits, seeds and nuts.
- **Patented Design Pulls Ingredients Into Blades** provides maximum blending efficiency. Fruit (fresh and frozen) and vegetables get blended instantly and completely, giving you all the benefits of natural minerals, vitamins and dietary fiber.

LifeStyle Sdn Bhd 774704H

- Use **HIGH** and **LOW** speeds to make **green smoothies, fruit smoothies, low fat desserts** and **ice creams, soups** and **sauces, salad dressings** and **dips, purees** and **natural baby foods**.
- With **37,000 rpm**, Vita-Mix TNC gives the smoothest and perfect textures for your smoothies, ice-creams, soups, sauces, salad dressing, etc.
- It also delivers **even texture, glossy completeness and consistent quality** every time. Absolutely no graininess and so completely blended they won't separate for a surprisingly long time.
- Besides making exceptional purees, sauces, soups, salad dressings, you can also make **homemade nut butters!** (additional oil may need to be added for nut butters)
- The **plunger** is unique to Vita-Mix blenders and really goes a long way in making a smoother and complete blending.
- It will blend as little as 125ml or as much as 2 liters

## Features

**High performance:** The new standard for high performance blending. Up to 3 times faster and 5 times more powerful than other “commercial” blenders. **Metal-to-metal drive** coupling for high speed production.

**Wet blade container:** Tough, durable, state-of-the-art 2 liters container made from Eastman Tritan™ copolyester is designed to deliver consistent results every time. All stainless steel enclosed blade assembly with sealed ball bearings.

## Testimonial

"Impressed as we are by the longevity and service of our Vita-Mix, we're even more impressed by the company behind it."

**David D., Weston, FL**

"I got a Vita-Mix for Xmas. I was thrilled. I have watched your demos for years, then went out and bought a cheap juicer. All waste and no juice. I gave it away. My husband and I have been making soups, smoothies and fruit spreads. In two months, we have both gone down a size. We bought it to eat healthier, but we are so excited to see our weight come off."

"It is the easiest diet I have ever been on. I am not hungry at all. We love your product. You should sell it as a diet aid. We feel so much better. Thank you for such a great product!!! Only wish I had bought it a few years ago!!! My vegetable soup recipe is awesome! "

**Carol A.  
Beverly, MA**

Dear Vita-Mix,

In January 1996, at age 53, my husband Gary had a heart transplant. Because of his heart transplant he has to take very strong drugs that can destroy the liver.

Using the Vita-Mix (to prepare whole foods) has helped his overall health improve dramatically. One of the biggest problems with heart transplant patients is that they gain incredible amounts of weight because of the steroids.

Gary uses the Vita-Mix everyday and he has only gained 5 pounds in the six years since his transplant. I used to use "run of the mill" mixers and wear them out and replace them.

The [quality of the Vita-Mix](#) is awesome! It cuts up, grinds and mixes beyond my husband's expectations. He uses it 365 days a year. We've had our Vita-Mix for over 10 years!"

**Sharon L, Round Rock TX**
